Weekend access to downtown Greenville has recently become easier with a new trolley route along Greenville's main corridor.

The Main Street Trolley, or Route 910, is the newest trolley line at the GreenLink Transit Center and will prioritize access to shops, restaurants, and local events near Main Street, which happen Friday through Sunday.

After a recent decision by the Greenville Transit Authority Board of Directors to eliminate Route 909 — West Greenville to downtown, two new trolleys assigned to Route 910 will make stops at mid-block points along Main Street for quick hop-on-hop-off access to shops, events, and attractions.
